TO THE TAX-PAYERS:
It appears to me that one of the main issues in this campaign is being lost sight of. As long as government lasts the biggest constant issue of the citizen is taxes.
What has happened to taxes in La Crosse during the past six years?
Look at your assessment on your home!
Look at your tax receipts.
Compare them with what you paid several years ago.
Taxes are all right if you get something for them.
But what have you got for the money? What single thing that is worth a dollar to you has been added to La Crosse since your taxes during the past six years?
The streets have broken down.
The streets have never been in worse condition.
Taxes have gone up—WAY UP!
What are you getting for the money?
(Signed) C. H. RAWLSON.

MOONSHINE BLAMED BY MRS. KERRIGAN IN DIVORCE SUIT
Wife Declares Husband "Came Home Intoxicated Numerous Times" on Whiskey
OBTAINED LIQUOR HERE DESPITE DRY LAWS, CHARGE
Forced to Call in Police for Protection, She Says in Complaint

The first divorce complaint to be filed in circuit court, in which at least part of the marital troubles are laid to excessive use of "moonshine" was filed with Clerk of the Court Kiebert today.
Mrs. Ruth Kerrigan, 511 Rose street, has started suit for divorce from William Kerrigan. Mrs. Kerrigan charges her husband with cruel and inhuman treatment, with striking and threatening to kill her and so abusing her that it has been necessary for her to seek protection of the police. Mrs. Kerrigan also alleges that for some time past her husband has on numerous occasions come home under the influence of moonshine whiskey, despite the fact that it has been unlawful to sell intoxicating liquor.
Mrs. Kerrigan appeared before Court Commissioner Hunt Tuesday and obtained an order for attorney's fees, suit money and \$10 a week temporary alimony. Mrs. Kerrigan in her complaint says her husband is able-bodied, a painter and capable of earning not less than \$40 a week. They were married in La Crosse in February, 1919. Kerrigan has not filed any answer to his wife's suit.

"WHAT SHALL I DO NEXT?" ASKS WOMAN STICK-UP ARTIST
CHICAGO, Ill.—A feminine novice in the school of banditry failed in an attempt to put her lessons into practice early Wednesday upon Harry Baumstein.
Accompanied by a man, she met Baumstein in North Paulina street near Washington boulevard.
"Put up your hands," she said, shakily pointing a small pistol at him. Baumstein put them up.
"Now what do I do?" she asked, turning toward her companion.
Baumstein did it for her. He told the police that he was around the corner and going fast in a clipped second.

CROSS-CONTINENT FLYER REPORTED SINKING RAPIDLY
NATCHEZ, Miss.—Lieut. W. D. Cony, transcontinental aviator who fell near Crowville, La. on a return flight from Florida to California last Friday, was sinking rapidly Wednesday, according to the attending physician.

WEATHER RECORD

For La Crosse and vicinity—Generally fair and somewhat colder tonight and Thursday.

For Wisconsin—Possibly light rain this afternoon followed by generally fair tonight and Thursday. Colder west and north portions tonight and in east and south portions Thursday.

For Minnesota—Fair tonight and Thursday. Much colder tonight. Somewhat warmer Thursday in northwest portion.

For Iowa—Fair tonight and Thursday. Slightly warmer in east portion tonight and Thursday.

DAUGHERTY DENIES EUGENE DEBS WAS OFFERED FREEDOM
Announces Plans for Solving Problems of Men Confined for War-Time Acts
WASHINGTON, D. C.—Legislation to solve the problem of prisoners confined for violation of the war-time laws is now under consideration, Attorney General Daugherty said today. Senators Sterling and King and other members of the senate judiciary committee have asked Mr. Daugherty to confer with them and present his ideas on the question, he added, a bill already having been drawn to cover the matter.
Mr. Daugherty said published reports that E. J. Debs, imprisoned at Atlanta for violation of the espionage act, had been offered his freedom during his recent conference with the attorney general here on promise to abandon the spread of bolshevik doctrines, were without foundation.
The Debs case, Mr. Daugherty said, would be the subject of careful investigation on which an opinion would be transmitted to President Harding. Meanwhile, he added, he would not discuss it.

JOHNSON IS HERE FOR TALK AT THE DINNER TONIGHT
Members of Chamber of Commerce to Have Treat at Feed this Evening

An attendance of close to 200 is expected at the members' dinner in the Chamber of Commerce auditorium tonight.
Charles Johnson, live wire business optimist, who runs a hardware store in a small town in Minnesota on business principles which have won him a national reputation, will be the guest of honor and principal speaker tonight. Members of the Chamber of Commerce are promised a real treat.

BULLET REMOVED FROM BRAIN OF FORMER CONVICT
OSSING, N. Y.—Recovering Wednesday from an operation for removal of a bullet that had pressed his brain for four years and caused hallucinations, epilepsy and suicidal tendencies, Roman Leonardowski, former convict, was believed by surgeons to be returning to a normal mental condition.
The operation was performed in Sing Sing prison hospital by Dr. W. L. Chapman, Brooklyn brain surgeon, himself an invalid. He performed the rare operation while sitting in a wheel chair.
Four years ago Leonardowski was wounded in a street fight. One bullet was imbedded almost two inches in the brain. Another lodged behind the right ear. The latter was not removed. Released two years ago after serving a sentence, Leonardowski was recommitted because of his mental state. He will be given his freedom if his mental equilibrium is restored.

FINAL HEARING ON LAWRENCE WATERWAY IN SESSION TODAY
DETROIT, Mich.—The final hearing of the international joint commission on the St. Lawrence waterway project opened here Wednesday with men prominent in public life and commercial affairs in a dozen states invited to present their views. At the end of the hearing the commission is to frame its recommendations to the Canadian and the United States governments on the proposed waterway.
Witnesses included traffic experts of some of the largest industries of the middle west and representatives of commercial bodies of all the Great Lakes cities, who told of advantages expected to be derived by their interests from direct waterway facilities to foreign markets and to American ports.

CAMBRIDGE VICTOR IN RACE AGAINST OXFORD
LONDON.—By The Associated Press.—Cambridge won the annual boat race with Oxford Wednesday night over the course of about four miles over the course of about four miles and a quarter on the Thames from Putney to Mortlake.

PAY AUTO TAX WITH LICENSE TAX PLAN URGED AT MADISON
New System for Automobile Taxation Under Consideration by Solons
PLAN DRASTIC MEASURES TO CURB AUTOMOBILE THEFTS
Ridgway Bill Would Establish State-wide Check on Cars

BY FRED L. HOLMES
MADISON, Wis.—Automobiles of Wisconsin may be taxed upon a new system. At the present time these machines are taxed as personal property and the taxes are collected locally. An investigation which has been made by the state authorities shows that approximately 30,000 automobiles that were on the rolls of secretary of state's office for auto licenses last year were overlooked by local assessors when it came to fixing them.
Two plans for taxation of automobiles are now being considered. One plan is to assess the automobiles when the license is received at the office of secretary of state, according to value of the car and the tax money shall be made payable to a fund for highway construction. The other plan which is under consideration is to have the person pay his taxes on his automobile to the state when he receives his automobile license. Such a plan would not permit the use of the auto license certificate as an offset against income tax returns. It now seems quite certain that this session of legislature will work out some definite scheme for taxing automobiles.
The legislature is considering drastic steps to prevent the stealing of automobiles in the state.
Through the Ridgway bill it is proposed to establish a state-wide checking system which will make the "going away" with stolen motor vehicles practically impossible. The bill will come before the senate state affairs committee for hearing Wednesday afternoon.
Senator Ridgway is the sponsor of the measure. Under the provisions of the measure, each township assessor is provided with a list of cars in his district, their owners, description of the vehicles and all identifying numbers.
The owner of a car, after receiving his license, will go to the county clerk and procure from him a "certificate of ownership." This certificate, to be furnished by the state, must be carried at all times when driving. It will establish a situation parallel to that of carrying hunting licenses.
The certificate will be in card form. It must be exhibited whenever demanded by any officer.
At all places where gasoline is sold, or any automobile accessories or appliances are sold, the person in charge must have a form, also provided for by the state, on which he will enter the name and car number of every person who purchases at his place of business.
To make this provision effective, it is further provided that nothing will be sold for Wisconsin cars unless the person can show his "certificate of ownership." This record must be kept by the owner of the place of business and be available for reference if needed.
The idea of the provision is that in case a car is stolen, it could be traced in the first place and should a driver ask for supplies, and not be able to furnish his card, he would be subject to detention.
All foreign cars will be put on a separate record. A fine of not less than \$5 or more than \$100, with a jail sentence of not less than ten days or more than three months, is provided.

PETROLEUM SURPLUS INCREASED BY SEVEN MILLIONS OF BARRELS
WASHINGTON.—Petroleum stocks in the United States increased 7.5 million barrels during February, according to geological survey reports given out Wednesday. Domestic production averaged 1,500,000 barrels a day more than it ran a year ago, though in the month of December total consumption was practically stationary and total stocks on hand February 28 were estimated at approximately 122,000,000 barrels.
During the month 55,112,000 barrels were produced in the U. S. and 11,354,000 barrels imported, chiefly from Mexico, making an available total of 66,466,000 against a February, 1920, total of 58,630,000 barrels.

STICK OF DYNAMITE SUICIDE WEAPON OF MICHIGAN FARMER
IRONWOOD, Mich.—Despondent over ill-health, Charles Halkanen, 51, Ironwood township farmer, committed suicide, Sunday, setting off a stick of dynamite which he had attached to his clothing. The body was found by his son, Arthur, Tuesday.
It was believed that Halkanen had either stuck the dynamite inside his vest or fastened it outside his clothing and touched a match to the fuse to end his life.

LA CROSSE MAN TO REWED HIS DIVORCED WIFE
ROCKFORD, Ill.—Alfred Anderson, aged 51, of La Crosse came here and secured a license to remarry his divorced wife, Mrs. Beulah Anderson, 49, of Rockford. They were given 49 of Rockford. They were given 49 of Rockford. They were given 49 of Rockford.

Hungary Opposes Return Of Former Emperor
BUDAPEST.—By The Associated Press.—Former Emperor Charles of Austria-Hungary made his visit to Budapest Monday with the idea of taking possession of the Hungarian throne but was unable to induce the Hungarian government to fall in with his plan. It has been learned from unofficial but excellent sources here, Confirm Visit.
Official confirmation of the fact of the ex-ruler's visit was supplied Wednesday and numerous details have developed from various quarters. The former ruler, it appears, came to Budapest accompanied by two friends. He arrived at the palace at one o'clock in the afternoon and invited Admiral Horthy, the regent, to turn over the reins of government to him.
The regent, however, after setting forth constitutional and political objections, refused the plea and induced the ex-monarch to promise to return to Switzerland.
Charles is reported now to be at Steinamanger, in West Hungary, near the Austrian frontier. He was accompanied on his return journey (from Budapest) by Premier Teleky, and he had at Steinamanger on the present of indisposition. He believed, it was said, that he might yet win over the troops there to his side.
When Charles halted at Steinamanger on his journey into Hungary, he made an effort to alien the military authorities there with him, pleading with Gen. Lohar, in command at Steinamanger, for support.
Means Danger to Country
Admiral Horthy is said to be convinced that the restoration of Charles would be a source of danger to Hungary. A large part of the Budapest garrison, as well as Gen. Lohar's troops, are declared to be opposed to the return of Charles to the throne.
The French, British and Italian high commissioners here held a conference after the ex-ruler's visit and the British commissioner, who is dean of the corps, went to the regent and reminded him of the opposition of the allies to the return of the Hapsburg to power.
Fear Outbreak
Fears were expressed here that a sanguinary conflict might break out between supporters and opponents of former Emperor Charles, now at Steinamanger castle, near the Austrian frontier. The ex-ruler is guarded by troops of General Lohar, who is credited with having fifteen thousand royalist troops under his command.
It is reported here that General Lohar is planning a forcible entry into Budapest if the government opposes restoration of the ex-emperor.

FORMER EMPEROR CHARLES

APPOINTMENT OF WEBSTER ILLEGAL MAINTAINS SENATE
Upper House of Badger Legislature Refuses to Confirm Blaine Nominee
NAMED BY GOVERNOR TO CONSERVATION COMMISSION
Law Prohibits More than Two Members of Same Party

MADISON, Wis.—The senate refused to confirm the nomination of Clayton O. Webster as a member of the conservation commission Wednesday morning by a vote of 15 to 11, charging Governor John J. Blaine with having disregarded the statutory provision governing appointments. Under the existing law not more than two members of the commission may be of one political party. Two hold-over members were republicans and Webster, named by the governor to succeed James Nevin, a lifelong democrat, was judged a republican by the state senate. Nevin has served as head of the fish division of the commission for twenty-eight years.
Dramatic incidents marked the consideration of the appointment when Senator Huber, defending the governor, asked Senator Bird whether he meant to infer that the governor had deliberately violated the statutes in naming his nominee.
"That is exactly the impression I have," Senator Bird replied. "There can be no doubt that if this appointment is confirmed, there will be three republicans on the commission, and the statutes violated."
Can't Define Republican
Governor Blaine had maintained that there was no way of defining a republican in Wisconsin because of the split in party lines.
"He told me that a certain member of the commission had voted for Mr. Coy for governor thereby losing his right to be called a republican," Senator Mulberger, democrat, said.
Argument was carried on for nearly an hour while Senator Huber sparred with the opposition senators, who stated that while Mr. Webster was doubtless well able to hold the position, and while the law might not be a good law, that it nevertheless existed leaving the legislature no other alternative than to accept it.
The twenty-eight years of service of Mr. Nevin as head of the fish division of the conservation commission in Wisconsin was pointed to by Senator Bird, who declared that this service should be recognized.

MAKER OF FAMOUS HAVILAND CHINA DEAD IN FRANCE
LIMOGES, France.—C. E. Haviland, for half a century head of the famous porcelain manufacturing firm, has just died here. Mr. Haviland was a descendant of Theodore Haviland, an American, who came to France and established the firm of porcelain manufacturers bearing his name. Mr. Haviland was buried here.

NEW BORING MILL IS INSTALLED AT SHOPS OF MILWAUKEE ROAD
The new boring mill which represents a part of the recent \$10,000 investment by the Milwaukee road for additional machinery to be installed in the shops on the north side, has been placed in position and is now being used in the repair of locomotives.
A large lathe has also been purchased by the company with a view to having a more extensive repair shop at north La Crosse. Although this machine is not yet in use, it is expected that the installation will be made within a short time.

ASSEMBLY REFUSES TO CALL BACK BILL FOR EIGHT-HOUR DAY
MADISON, Wis.—The eight-hour day bill as applied to factories and industries was killed for the session when the assembly Wednesday morning refused to consider the vote by which the measure was killed. The vote was 44 to 30. There was no debate. This bill was the leading legislative measure of the session.

WASHINGTON HEARS FROM 2 AIRPLANES REPORTED MISSING
WASHINGTON.—The two marine corps airplanes enroute to the Virgin Islands landed at Richmond, Va. Tuesday and expected to proceed to Fayetteville, N. C. the navy department was advised Wednesday morning. No previous word of the whereabouts of the planes had been received since they left here Tuesday afternoon.
The message, dated Richmond and filed Tuesday afternoon reached the department Wednesday. It was signed by Major Thomas C. Turner, commanding the expedition, and said the machines and their crews were all right and would proceed.

H. W. HAUSER FINED FOR SELLING CREAM BELOW LEGAL MARK
Product Contained 12 Percent Butterfat; Law Fixes Minimum at 18 Percent
H. W. Hauser, milk dealer, was fined \$25 and costs by County Judge Brindley Wednesday morning, on charges of selling cream that was deficient in butter fat.
Samples of cream sold by Hauser were taken by the state inspector last February. They were sent to Madison and tested. The test showed 12 per cent butterfat. The law places the minimum butterfat at 18 per cent. Hauser entered a plea of guilty, saying he did not know the cream was not up to standard, that new cows in the herd might have been responsible for the cream falling below par on that occasion.

CLEVELAND GARMENT WORKERS' WAGE CUT UP TO ARBITRATORS
CLEVELAND, Ohio.—The board of three referees who compose the supreme court of the Cleveland garment industry Wednesday opened a two days' hearing on the question of wages paid in the forty houses of the Cleveland garment manufacturers' association.
The decision will affect 5,000 workers and an annual national business of thirty millions of dollars and will put to test the agreement between the manufacturers and the International Ladies' Garment Workers' union signed two years ago, and which attracted attention and study throughout the country.
A verdict on the wage question was suspended at the annual hearing in December. At that time the manufacturers asked for a return to the wage scale of November, 1918, which would lower the present scale practically 20 per cent.
The union will oppose any reductions. It was said.

MAKILLAN BILL KILLED
In the assembly the Killian bill relating to night work in bakeries was killed, 49 to 29. The Czerwinski bill providing for one day's rest in eight for Milwaukee policemen was given final passage.
Advocates of Waukesha protested against passage of the Summerville bill, providing for county opinion on the commission form of government, but the bill was passed by a heavy majority and will now have to run the gauntlet of the senate.
The attempt to reconsider the Clark bill providing for a county board of education, for the purpose of amendment, failed.

WESTBY MAN PAYS \$7.50 IN POLICE COURT WEDNESDAY
"Open your mouth and let the moon-shine in" was no doubt the procedure of Anton Anderson, Westby, who was arrested on Tuesday afternoon by officers of the local police force when he was found at Second and King streets in an unavailing condition. He paid a fine of \$7.50 Wednesday morning.
When brought to the station Anderson was in possession of a lot amounting to \$195. He had evidently "let out" on the police for his present a second roll from another pocket when he paid his fine.

MEASURE VETOED BY BLAINE ALREADY A LAW HOLDS SENATE
Lange Bill Sent to Secretary of State for Printing Over Administration Opposition
INTERPRETATION OF STATE CONSTITUTION IS INVOLVED
Means Bills Must be Returned Before End of 6-Day Period

MADISON.—Governor Blaine's veto of the Lange bill, creating a municipal court in Eau Claire county, made after the six day period allowed by the constitution for rejection by the executive, was sent to the secretary of state Wednesday morning, on motion of Senator Bird which carried, on a 11 tie decision.
This action of the upper house meant a determination by that body that the governor had erred in transmitting to the legislature a veto on a message which had already become law. The secretary of state will legally be obliged to print the bill as determined by an opinion of Attorney General Morgan.
Administration members in the upper house opposed the move to get the bill to the secretary of state. They presented an opinion of the executive council, taking a different stand from that taken by the attorney general and asked that his decision go with that of the attorney general, and the governor's veto, to the secretary of state.

Interpretation of the constitution was involved in the controversy which arose over consideration of the veto on the Lange bill. The senate accepted the attorney general's decision which was backed up by similar decisions in a number of other states including one by the United States supreme court.
Precedent is now definitely established that the governor must return a measure to the clerk or either house of the legislature before the six day period is up, regardless of whether or not the house is in session at the time, if he wishes to veto it.
Line-up on the motion to send the bill to the secretary of state follows:
For the motion: Bird, Buck, Burke, Clark, Conant, Czerwinski, Kuckuk, Lange, Morris, Nye, Roethe, Skogmo.
Against the motion: Anderson, Arnold, Beyer, Bilgrien, Hirsch, Huber, Gleist, Olson, Ridgway, Severson, Standenmayer.

STORED FIREWORKS BELIEVED CAUSE OF CHICAGO EXPLOSION
CHICAGO, Ill.—Search for bodies continued Wednesday in the ruins of the warehouse destroyed by an explosion Tuesday. Firemen and police dug also for evidence that might throw further light upon the cause of the disaster in which at least eight persons were killed and several score hurt.
S. T. High, fire attorney, planned to question again Edward and Leonard Shaffer, sons of one of the proprietors of a concern which authorities believe, stored fireworks in a building adjacent to the destroyed warehouse. City ordinances forbid storage of fireworks within the city limits.

C. C. CHRISTIANSON FIRST TO ASK FOR '21 HUNTING LICENSE
It's a great life, this being the first on the job.
C. C. Christianson, 510 Perry street, is the first La Crosse Nimrod to apply for a 1921 hunting license. Christianson appeared in the county clerk's office Tuesday afternoon and filed his application.

WOMAN GOLF CHAMP RETAINS HER TITLE
PINEBURST, N. C.—Mrs. Dorothy Campbell Dunn, of the Westmoreland club, Pineburg, retained her title as North American golf champion Wednesday by defeating Mrs. P. C. Lests, Jr., of the Onwatsla club, Chicago, four and three in the final round of the annual tournament.

GERMAN REVOLT TAKES ON NEW LEASE OF LIFE
Sixty Reported Killed in Renewed Fighting in District Between Leipzig and Halle
COMMUNISTS FAIL IN ATTEMPT TO START GENERAL STRIKE
Communist Riots at Dresden Put Down by Local Authorities

BERLIN.—By The Associated Press.—The communist uprising, which had appeared to be at the point of collapse, has flickered up again in various sections of Germany and reports Wednesday indicate that more than sixty persons have been killed in the renewed fighting.
The district between Leipzig and Halle now appears to be the chief zone of the communist operations and train service between those two cities has been suspended.
The communists, who were defeated recently in the Mansfeld district, have regrouped their forces near Grobzig, where they are said to be in possession of a strong position. They are well equipped, especially with machine guns and in an effort to dislodge them the security police lost 12 killed.
The largest number of casualties, reported was from Gerselsberg, Westphalia, messages stating that fifty persons were killed in yesterday's clashes when the police recaptured the town from the communists who had been in possession for several hours.

Strikes Fail
Sporadic strikes are reported from Halle and Jena, where electric power plants are shut down and an attempt to tie up the Ruhr district has been made, but the latter attempt has thus far failed except at Remscheid, where about half of the workers employed in various plants have failed to report for duty. Communists are still interfering in some extent with railroad traffic at various junction points, in western Germany.
Labor leaders identified with the majority and independent socialists declare attempts by the communists to precipitate a general strike in large industrial plants in this city have failed. They say votes taken among workmen showed an overwhelming majority in opposition to a walkout.

Put Down Dresden Riot
LONDON.—A serious communist riot in Dresden has been put down by the authorities there, it is announced in a Berlin message received by the Exchange Telegraph company today. Ninety-two communists were arrested including fourteen women.
Reports from Dueseldorf declare communist activity in the Rhine region is increasing and it is asserted some mines there have been seized by workers.
The trouble at Jena, the glass manufacturing center, has been attended by some success on the part of the communists in their efforts to start a general strike. Messages report they have occupied the Carl Zeiss optical works, a plant of world wide celebrity, have stopped street railway traffic and forced the electric workers to lay down their tools.

STORED FIREWORKS BELIEVED CAUSE OF CHICAGO EXPLOSION
CHICAGO, Ill.—Search for bodies continued Wednesday in the ruins of the warehouse destroyed by an explosion Tuesday. Firemen and police dug also for evidence that might throw further light upon the cause of the disaster in which at least eight persons were killed and several score hurt.

SPARTA KIWANIS HEAR ADDRESS BY A MADISON SURGEON

Dr. S. J. Gaenslen Tells of Work Among Crippled Children; Pick Carriers April 23

SPARTA, Wis.—Sparta is to have a new manufacturing plant, capitalized by local people, for the manufacture of a sweeping compound, formulated by Ray Ritter of Sparta. The name of the new firm is the Ritter Products company. The company has bought the old creamery property of the Sparta Co-operative Creamery association, near the Milwaukee depot, and is having the building made over to fit the new business. The following directors and officers have been chosen: Directors—Ray Ritter, R. M. Poles, Mark Matteson, H. Tensile, J. C. Harrison, Joe Hinson and Wesley Soper. Officers—President, Ray Ritter; vice president, Wesley Soper; secretary and treasurer, Howard Tensile.

Kiwanians Hear Noted Doctor

At the weekly meeting of the Kiwanis club, Dr. S. J. Gaenslen was the speaker. Dr. Gaenslen is an orthopedic surgeon who has the care of the crippled children at the Bradley Memorial hospital at Madison. He is not only a foot surgeon, but his work relates to surgery that has to do with correcting the deformities from infantile paralysis, and also treats very weak and lame backs. He paid a fine tribute to Dr. L. M. Grimes, superintendent of the state school, who because of his interest in crippled children, gave up a lucrative practice to come to Sparta and work upon the dependent children of the state. It is the plan of the club to have Dean Russell of the University of Wisconsin.

A committee was appointed at the last meeting of the club, to erect "welcome" signs at the four leading gateways into the city. The Country club is to erect a gateway with a "Sparta Country Club" sign over it, at their grounds near the Milwaukee depot, telling the world that Sparta has a Kiwanis club.

William Blank Dies

William Blank, for many years section foreman of the Chicago, Milwaukee & St. Paul railway, died suddenly Sunday morning of last week, while he was in his yard attending to his chickens. He arose in good health as usual, went out in the yard, and when he didn't return, members of the family went to find him, and found him lying in the yard, apparently dead. Dr. Hugh H. Williams was summoned, but the man was dead, the doctor deciding that death was caused from cerebral hemorrhage. A short funeral service was held from the home on Wednesday, and another service was held in the Zion

GRANDMA NEVER LET HER HAIR GET GRAY

She Kept Her Locks Dark and Glossy With Sage Tea and Sulphur

When you darken your hair with Sage Tea and Sulphur, no one can tell because it's done so naturally, so evenly. Preparing this mixture, though, at home is messy and requires some. At little cost, you can buy at any drug store the ready-to-use preparation, improved by the addition of other ingredients, called "Weyl's Sage and Sulphur Compound." You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all gray hair disappears, and after another application or two your hair becomes beautifully darkened, glossy and luxuriant.

Gray, faded hair, though as disfigurement, is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Weyl's Sage and Sulphur Compound, and look years younger.

Public Debate

THE PROTEST WAS PRINTED THE 23D

La Crosse, Wis., March 27, 1921.

Editor, Tribune and Leader-Press.

In your issue of the 24th, there appeared an article signed W. regarding a rumor (?) that Dr. W. had heard somewhere that the brotherhoods were signing a protest on the appointment of Mr. Esch to the Interstate Commerce Commission.

Mr. Editor, I am a member of Division 61, Order of Railway Conductors and today there was a regular meeting, which I attended and inquired of all those present if they had seen or heard of such a paper. No one knew anything about it. I also inquired at the yards and could find out nothing there, so I have come to the conclusion that W. must have had a bad dream.

For Mr. W.'s benefit I wish to say that the brotherhoods did away with the black list on railroads several years ago, and that instead of signing a petition against Mr. Esch receiving the appointment they would have signed in favor of his getting it.

The only conclusion I can come to regarding a half column article over an unfounded rumor is that W. is

starting propaganda in order to put the brotherhoods in bad with the people of La Crosse and wherever the Tribune and Leader-Press goes and it covers quite a territory. I only hope that whoever read his (W.) article will read this also.

President Sheppard of the Order of Railway Conductors when in La Crosse a few weeks ago at the installation of a large class of new members said in his speech at the banquet that he regretted very much the requirement of valuable experienced men such as Mr. Esch.

The Cummings-Esch bill calls for honest, efficient and economical management of the railroads. Mr. Esch is a member of the Interstate Commerce Commission will be in a position to see if this is done.

Mr. Cummings has declared that he will start an investigation in congress when it convenes to find out why the Cummings-Esch bill has not proven a success. Mr. Walsh, attorney for the brotherhoods before the labor board at Chicago, is showing the railroad executives up as to why the bill is a failure.

Mr. Cummings and Mr. Esch are in the house and duty bound to make their bill a success, for under an honest, efficient and economical management of the railroads the public would get their dues, the employees wouldn't be threatened with a cut in wages, business would begin to hum and once more our country would be on the high-way to prosperity.

I for one wish Mr. Esch all the success in the world for I am sure that he will prove a valuable man to the public, the railroads and their employees.

A CITIZEN.

WOMEN AND POLITICS

(Editorial by Arthur A. Bentley, published in Review March 17, 1921.)

As we approach the city campaign this spring it is difficult to refrain from an expression of good will toward all right thinking citizens. We may differ in our opinions and we may have our likes and dislikes, but it is impossible to voluntarily express bitterness or to even enjoy correcting false and malicious statements that are being made about the city officers.

REAL BROTHERHOOD NEEDED

It behooves us to be extremely cautious while we try to direct the public mind into ways of truthfulness and a better understanding.

What the world needs is a real brotherhood of effort to comply with the divine law which measures the true value of people. Our thinking has so often gone wrong that it has cost the world its friendship in this sad hour of warring factions and classes, and it is now absolutely essential to cultivate a better friendship and a warmer feeling of sympathy one toward the other.

ELIMINATE BITTERNESS

I have thought that the entrance of women into politics would be an influence which would go far to eliminate hatred and bitterness which has so often in the past been unwisely applied to the selection of city officers. Being so greatly concerned in this and hoping for the best, it has been of unusual interest to study the organized movements of certain groups of our very capable women, who have banded together in the interest of certain reforms and needed improvements. The eyes of the whole country are upon its women as they enter politics.

Will they bring into the strife a new spirit? Will they follow closely along the lines of the men? Will they assist good government or will they divide as partisans? All these questions and dozens more are uppermost in the mind of political thinkers and men versed in public service work.

WOMEN MUST DO THEIR OWN THINKING

Women in the busy work of life are looking for political food and only a very few of them will be satisfied if only given the poor and distasteful nourishment of personal attacks, slanderous accusations and the second-hand dregs of ultra fashionable ward heelers. Tammany methods of ward organizations will not be popular with right minded, noble thinking women, no more than they are with sincere and dependable men of today. Women will do most of their own thinking. They do not need the ward worker to call at their homes and "pass them the dope." They will think and read and decide without consulting strangers whose motives for such work may very often be justly challenged. If they do desire consultation it will be with relatives or friends who are unbiased and who will give them clean advice, not "canned advice" dished out from some political headquarters chaperoned by some woman with a master mind.

If the few distinguished leaders do succeed in interesting any great number of our women voters with light political chaff, then there remains very little hope that the entrance of women into the field of political endeavor will be accompanied with very much improvement in the solving of the problems of this country either in city, state or national elections.

THE BIG ISSUE

All this talk about a few educated, society or club women being able to just say the word and that all the others will fall into line is tommy rot. The great majority of our women appreciate in the same degree that men do the exacting daily penalty which is the result of their position in society. Women like men want opportunity, not sympathy. They will very haltingly follow self appointed teachers in matters of politics. They will demand the motive from the workers. They will never overlook the big issue in this country which is the unequal and unjust division of the fruits of industry. This problem is uppermost in their minds. It has to do with the babe on their breast and its opportunity to bloom and develop into normal maturity.

When women enter into the political field to secure a following of their sisters they must take with them proof of their sincerity of a desire to solve the problems that have made the wash tubs and the scrub pails the penalty for being poor. The value of a woman's soul can not be measured by her wealth or her appearance. Her actions politically cannot be directed by ward heelers either. She will think and do her own voting in both little and big matters. She knows our Australian ballot assures her entire secrecy in the voting booth. She knows that it is an insult to her intelligence for over zealous ward workers to ask her who she will vote for, or how she did vote. She knows also that history has proven in the past that ward workers with an axe to grind, controlled by a guiding hand from headquarters has been the greatest political curse of this era. She knows she has the perfect right to SLAM THE DOOR in the face of any one who is impertinent enough to encroach upon these rights. If a candidate has his faults they will know them also without being compelled to listen to their rehearsal in an effort to secure a vote for some one else.

REFORMS AND CAMPAIGNS

If there are reforms to be accomplished, women will tell you at once that the heat and bitterness of a campaign may injure the chances of success for any just cause. They know that the proper method to pursue is to go to those in authority who are in position to do something at a time when reason and right thinking will count most. Closing our eyes to evil that may exist in our midst for two years and never entering a protest until the eve of an election is not the woman's way of doing things. A few who aspire to leadership may do it that way but the great majority will try for results along a different line of action. They will prefer less display and more sincerity. They will appeal to the good in every public official rather than damn him openly and secretly because he does not respond too readily to an immature demand that he be based upon someone's selfish ambition to advance himself by the other's downfall. Women will be more just in their political verdicts, than men have been. They will not seek to destroy character in public officials, and in their public service they will be guided largely by the human element taking full account of the weakness as well as the strength of those chosen to serve.

BE INDEPENDENT WOMEN

If women continue to be just women in politics then their entrance will contribute abundantly to the correction of many evils and it may permit a few leaders to think for them, act for them and direct their voting, then nothing of great value will come from woman suffrage.

The right to vote is an individual privilege, to be guarded sacredly by every citizen. The hope of betterment for cities and homes with the added woman's vote lies in the hope that they will remain free and independent, free to exercise their right of suffrage unhindered by party or group organizations that may be sustained by hidden or mysterious, ambitions attractively cloaked in soft words of descriptive alluring public service models.

Leading food experts give interesting information to every mother in America

LEADING food experts of America have stated why Karo is one of the greatest of all energy-producing foods.

The reason for this is easy to explain. Karo is composed of a very large percentage of Dextrose.

Dextrose is one of the most important of all food items. You could not live long without Dextrose.

Most of the foods you eat—such as bread, starchy vegetables, and all forms of sugar—have to be changed into Dextrose before your system can use them as energy foods.

So Karo may almost be said to be a predigested food. These are scientific facts, supported by the very highest medical and food authorities, and undoubtedly, is one reason for the tremendous nationwide popularity of Karo.

Give your children and the folks all the Karo they want.

Your Protection

Do not be deceived by cans containing syrup that might look like Karo. The name "Karo" is on every can of original Karo—look for it, and be assured of full weight cans and highest quality.

BLUE Karo

The standard table syrup. Also, for cooking, baking and candy making. Light brown color, delicious flavor—a heavy-bodied syrup.

RED Karo

The ideal syrup for every use—for cooking, baking, candy making and preserving. Because of its honey-like appearance many prefer it as a spread for cakes, biscuits, breads.

GREEN Karo

Flavored with highest grade real maple sugar. Very moderate in price—absolutely pure. The makers of Karo are the world's largest users of the highest grade maple sugar—over a thousand tons used annually.

ANTIS DISCUSSING RECALL ELECTION IN NORTH DAKOTA

Decision to be Reached at Conference at Devil's Lake

DEVIL'S LAKE, N. D.—Whether or not to call a recall election against several state officials with Nonpartisan League endorsement, including Governor L. J. Francis, and whether to initiate a number of laws which would affect the state-owned industries, will be decided by the convention of anti-nonpartisans which opened a two-day session here Wednesday.

Sentiment among delegates arriving early seemed divided on a recall in June or later in the year, probably early in the fall.

"Realization during the past few weeks that North Dakota will be unable to finance the planting of a crop this spring because of the refusal of the Twin cities and the east to handle North Dakota paper under present conditions, is swinging sentiment in favor of a recall," said E. J. Richter of the Independent Voters' association, which is opposed to the Nonpartisan League.

One proposed constitutional amendment, according to Richter, would make the bonds of the Bank of North Dakota the direct obligation of the state, rather than the various individual state-owned industries as at present. Such a change, Richter said, probably would meet objections of bankers to bonds now being offered for sale.

A number of constitutional amendments which it is proposed to initiate, also will be discussed. These would include those to provide for dissolution of the Bank of North Dakota and liquidation to a state rural credit department; to amend the state industrial law to give the independent control and to provide for nomination and election of the state officials without party designation.

CLOSE MINES APRIL 1
DETROIT, Mich.—Work in the Anaconda Mining company's mines will cease April 1, according to announcement Wednesday by President C. F. Kelley. Smelter operations will cease in about ten days. Upwards of 5,000 men will be affected.

Swiss Make Absinthe
Absinthe, while most used in France, is made principally in Switzerland.

CORNS

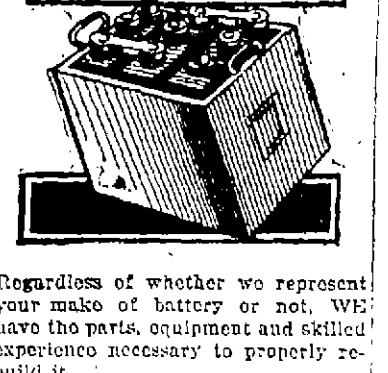

Lift Off with Fingers

Doesn't hurt a bit! Drop a little "Freezone" on an aching corn, instantly that corn stops hurting, then shortly you lift it right off with fingers. Truly!

Your druggist sells a tiny bottle of "Freezone" for a few cents, sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation.

RENEWED FOR SPRING

Regardless of whether we represent your make of battery or not, WE have the parts, equipment and skilled experience necessary to properly rebuild it.

Let us restore your battery to a dependable, first class condition.

Service in all branches without bias.

ALL DENTAL WORK PAINLESS TO YOU

DR. WATTERSON

EXONERATE BRITISH OFFICERS OF DEATH OF RAIL WORKERS

LONDON.—The government Tuesday issued a white paper giving the results of the court inquiry into the affair at Mallow, Ireland, January 31, when several railwaymen were shot by officers who were attempting to run down the party of assassins which had wounded Captain King, a district inspector, and had shot his wife dead. The white paper shows that the court vindicated the action of the military and rendered a final ruling that the railwaymen had not been improperly dealt with.

"DARDANELLA" SCORES
SUCCESS ON ROAD

The McGregor company's sensational musical comedy "Dardanella," heralded as "the wonder show of the century," which comes to the La Crosse theatre on Friday, April 1, is a popular hit and is "packing them in" everywhere. It is a production which represents a sincere effort to give the theater-going public something just a little more pleasing to the eye, a little more rich and colorful, a little more in the way of artistic combination of effects than any show which has gone before it. There is not a serious moment in the whole show, but behind it all there is a serious intent to create the most beautiful stage pictures and effects that can be attained, and one goes away after it is all over feeling that the eye has been given a regular ocular Thanksgiving feast.

Truthful, Anyway
The two village trouble-makers had gotten into a quarrel and the matter was up in court. Uncle Wash, an old gentleman of color, was a witness.

"Now uncle," said the lawyer, "tell me just what conversation occurred."

"I kin't jus' remember it all," replied the candid Wash, "except dat each one was callin' de other white is."

Pearl bisters in oysters have been artificially produced by scientists.

SPECIAL SHOWS AT THE NORMAL EVENTS OF WEEK

Senior Vaudeville and Buskin Club Bazaar to be Put on Friday and Saturday

This week-end will see a series of interesting entertainments at the Normal school. Plans have been completed for the Annual Senior Vaudeville which is to be held next Friday evening and the Buskin club, the dramatic organization of the school is staging a grand bazaar and carnival on Saturday night.

The Senior Vaudeville promises to be one of the biggest and best ever this year. Eleven snappy acts have been lined up and the people who are to take part have been working steadily on their acts for several weeks past. Though it is to be entirely composed of Normal school talent, it will be much different from the usual run of amateur theatrics. Many of the actors have had a great deal of experience on the amateur stage, and some have appeared professionally before the footlights.

The vaudeville will take place in the Normal Auditorium. All seats are reserved and are now on sale at Heber's Drug store.

On Saturday night the Buskin club will hold a bazaar and carnival in the small gymnasium. A varied program of interesting and amusing stunts has been arranged by the committee, and good music is promised for the dancing which will take place after the affair.

"CASCARETS" IF SICK, BILIOUS, HEADACHY

Tonight sure! Let a pleasant harmless Cascaret work while you sleep and have your liver active, head clear, stomach sweet and bowels moving regular by morning. No griping or discomforts. 20, 25 or 50 cent boxes. Children love this candy cathartic too.

NEGROES SENTENCED TO HANG FOR PART IN STARTING RIOTS

CHICAGO, Ill.—Grover C. Redding and Oscar McGavick, negroes, convicted leaders of the Abyssinian riots of last June, were Tuesday sentenced to be hanged April 22.

The men were found guilty of the murder of Robert J. Rose of Philadelphia, a sailor stationed at the Great Lakes naval training station, who was shot when he rushed to the defense of the United States flag which was being burned as a part of the ritual of the "Abyssinians."

U. OF WISCONSIN STUDENT
CONFESSIONS TO FORGERY
MADISON Wis.—Henry M. Frank, freshman in the course in commerce of the University of Wisconsin, pleaded guilty Tuesday morning to a charge of forgery. He is alleged to have signed the name of P. H. Mann to a number of checks which he attempted to pass in business houses of the city.

Franklin had cashed two of the notes amounting to \$25 and had two others in his possession for \$50 each. The student has been remanded to the custody of the sheriff pending disposition of his case.

FOUR BROTHERHOODS OF CHURCHES HOLD FIRST JOINT MEETING

Rev. W. E. Dudley of Winona Addresses First Gathering of Kind in La Crosse

The four brotherhoods of the Congregational, Methodist, Presbyterian and Baptist churches of La Crosse held the first joint meeting and dinner in the history of church brotherhoods in this city in the Chamber of Commerce Tuesday night. The attendance was so large the big assembly room of the chamber was taxed to capacity. A fine program of speeches and musical numbers was given. The Methodist church quartet entertained with a number of songs during the dinner and between the after-dinner speeches. William Collins was the toastmaster.

The principal speaker of the evening was the Rev. William E. Dudley of the Winona Congregational church. Mr. Dudley is a forceful orator. He has the art of preaching a stirring, inspiring sermon, eloquently driving into the minds of his audience lofty religious ideals and bestirring them

into taking up the cudgels in the advancement of the cause of the church. Mr. Dudley used the three ideals of life, namely, the epicurean ideal, that which proceeds on the theory of "eat, drink and be merry for tomorrow you may die," the pessimist's ideal, that everything is all wrong and the world is going to the dogs, and last, the ideal of the man who realizes that something is wrong with the world and sets out to straighten the matter out.

The full text of Mr. Dudley's talk will be published in next Sunday's Tribune and Leader-Press. Watch for it. It's the kind of talk you get out of the paper and save and read over several times and then think for a long time of the thoughts you have absorbed.

Other speakers on the program were C. S. Goad, W. J. Sanders, Peter Heimlich, E. O. Doynton, Judge Brindley, Julius Akerkvold and Fred Soule. Their talks were along more or less humorous lines. Sanders and Akerkvold probably scoring the biggest hit with their droll remarks.

LEGISLATURE VOTES FIVE CENT BOUNTY ON RATS IN STATE

MADISON, Wis.—The common house and barn rat will now face extermination. Both houses of the legislature have passed the Wettenhiller bill to accomplish that purpose. Counties are allowed to offer a five cent bounty for the killing of rats.

Now people realize the destruction brought by the rat and the menace that the rat is in the carrying of disease, according to Assemblyman Wettenhiller, author of the bill. It is understood that Gov. Blaine conferred with Assemblyman Wettenhiller on the measure before it was introduced and that he will sign the bill when it reaches him the first of next week.

"It's impossible," said J. T. Tunkias, "always to tell the truth. Nobody would go to a dentist who wouldn't promise not to hurt you much."

Foot Comfort Week in our store.

MONDAY AND TUESDAY, APRIL 4 AND 5

Learn the Joys of Foot Comfort

We want to prove to you that you do not have to go through life with tired, hurting feet.

Come to our store during

Dr. Scholl's Foot Comfort Week April 4th and 5th

A foot comfort specialist is in attendance to look after the troubles of all foot sufferers.

Do your feet ache or pain? Do you find that you cannot stand or walk with comfort? Do you blame the trouble on your shoes, without giving a thought to the proper treatment of your feet?

Come around to our store. Tired, aching, tortured, corned, calloused, bunioned feet are relieved here and relieved.

This is not merely a shoe store—it is also a foot store. We fit feet for the shoes as well as shoes for the feet—a service rendered free to our patrons.

All sufferers of foot troubles are cordially invited to come to our store next Monday and Tuesday and have their feet examined absolutely free by a graduate foot expert of the Dr. Scholl's School of Podiatry.

LISTS OF U. S. DRAFT EVADERS FURNISHED TO AMERICAN LEGION

INDIANAPOLIS, Ind.—Lists of men classed by the war department as draft evaders, will be furnished all American Legion posts in the United States on or about April 1, P. C. Harris, adjutant general of the army announced to national headquarters of the legion Wednesday.

A copy of each local draft board's list of evaders will be furnished national headquarters and copies of board lists containing names of offenders in their localities will be forwarded direct to legion posts, General Harris said. Publication of the 4-251 board lists will extend over several months. Local posts will check lists carefully so innocent men may be protected and the guilty placed in jail.

ESTATE SETTLED

CHICAGO, Ill.—Final accounting of the \$7,000,000 estate of Robert Puller, who died a bachelor in February, 1919, was made in probate court Tuesday and the executors discharged today. The bulk of the estate went to his only brother, James, of Milwaukee.

Franklin, one of the leading grain dealers on the Chicago Board of Trade, is said to have made his first million dollars on the board at the age of 24 and lost it before he was 30. He soon regained the fortune and increased it later founding the brokerage firm which was dissolved at his death.

Not Allowed to Do That

"Mr. Lister," said a complainant at Ockenwell police court, "threatens to tell me into pieces." It was pointed out to him that this would be a breach of law—London Punch.

EGGS ON SALE

at lowest prices for years.

Right now you should take advantage of these low prices and put up several cases with

Hoescher's EGG-KEEPER

as prices will surely rise high this fall.

Our Egg-keeper is used by thousands of families and it is one of the best and most popular preparations on the market.

In 1918 we first introduced Hoescher's Egg-keeper to the people of La Crosse and from year to year we have supplied more egg preservers than all the other brands of preservatives combined. It is so good, so easy to use, so effective, so cheap and so sure that you can't help but be convinced that you have the right preparation. Then why experiment with other brands?

We guarantee that Hoescher's Egg-keeper will keep eggs fresh if you follow directions and providing that the eggs were fresh when you put them into the solution. DON'T use eggs on which a broody hen has been sitting for days, but use eggs which have not been gathered every day. Don't store them in the water waiting until you have accumulated enough to use. But make up your solution and put the eggs in right away no matter if you only get one egg a day, put that one egg in.

Remember that Hoescher's Egg-keeper will keep fresh eggs fresh, but cannot make an old or stale egg fresh. Make the party who sells fresh and then test a few before preparing.

Full directions on each bottle or container. One quart of our solution will make 20 gallons of solution which is enough to preserve 12 to 24 dozen eggs. It is clean, cheap and non-poisonous and gives a chance to have plenty of fresh eggs in cold winter when they are scarce and at low prices.

NOW GET IT

Bring in your bottle, jar, can or barrel or buy it already put up, but we will give you a discount if you buy your own container.

THOUSANDS THROG CATHEDRAL TO PAY TRIBUTE TO GIBBONS

BALTIMORE, Md.—Members of the Catholic hierarchy filled the Cathedral to overflowing Wednesday at the last of the special requiem masses preceding the final funeral services for Cardinal Gibbons.

At the end of the mass the congregation filed slowly past the bier for a last look at the features of the cardinal and the long line of men, women and children, who had gathered in the street meanwhile, streamed into the office in a procession which did not continue all day. It is estimated that between 25,000 and 30,000 persons viewed the body Tuesday.

The office for the dead will be singing at the Cathedral Wednesday night.

Governor Ritchie issued an official proclamation Tuesday calling upon the people of Maryland to suspend all activities at ten o'clock Thursday morning, the hour of the funeral.

PAROLED PRISONER DENIES HE'S GUILTY OF CATTLE RUSTLING

MITCHELL, S. D.—"Buffalo" George, former convict and paroled prisoner in his monthly report to the governor, declared he is not guilty of cattle rustling, for which he is now being sought by authorities of the Lower Brule and Crow Creek Indian bands.

After employment at two ranches, following his parole, thirty-eight head of cattle were missed and "Buffalo" George was discharged. During the past few weeks he has been in the "draw quick" if they met him as he did not intend to be taken to jail and a charge which did not concern him.

After a search of two weeks through unsettled sections of the state, he was abandoned the hunt, believing that "Buffalo" George is aided by Indians in evading the law.

BANK WATCHMAN KILLED

DES MOINES, Iowa.—J. K. Myers, night watchman at the bank at Stuart, southwest of here, was shot by five bandits who robbed the bank Tuesday night. He died from loss of blood. The bandits escaped in an automobile to Des Moines, where they abandoned their machine. Information here was that they obtained \$10 in change at the bank.

Glendora Heights Sunkist Oranges

"We specialize in the handling of Sunkist Oranges and Lemons. We believe from the very magnitude of the operations of the California Fruit Growers' Exchange that the fruit put out under their Sunkist label is more carefully graded, better packed, is the product of better, more carefully tended groves and offers, one day with another, better value for the money than any other that comes from California. Look for the Sunkist label. It is generally to be found on the fruit we sell."

California Navels are now in their prime. Shipments are at their height.

OFFER FAT PURSES FOR JACK DEMPSEY- CARPENTIER BATTLE

Richard to Discard all But Three
Now Under Consideration;
May Announce Place Soon

NEW YORK, Tex. Richard now has offers aggregating the size of the Panama canal for the Dempsey-Carpentier fight and is discarding all but three. The offers are for a purse of \$100,000, \$200,000 and \$300,000. Richard is expected to announce his choice on Thursday or Friday.

Richard had conferences today with Walter Treadwell, who brought a \$100,000 offer purporting to be made by Solly Joel, the African diamond mogul.

Tex also went into executive session with John Snyder of Cumberland, Md., who wants the fight to be fought in the mountain town. Mayor Thomas W. Koch of Cumberland, who came here to back up Snyder's proposition, hoped the morning train back to Cumberland to resume mayoralty.

Nothing has transpired, however, to east the idea of the fight being held in Jersey City and it may be assumed that a good deal of the stress put upon the desirability of other locations has the purpose of diverting attention from Jersey City until Tex is ready to announce his choice.

A promise of an offer from Racine, Wis., was made Richard, but the wire did not even hint at the size of said offer.

NEW W-I BASEBALL LEAGUE PERFECTED SIX TEAMS JOIN

PLATTSVILLE, Wis.—The organization of the Wisconsin-Illinois baseball league has been perfected, six teams composing the league—Galesburg, Plattsville, Lancaster, Livingston, Galesburg and Highland.

Pitching to a home-run sweater is nothing for a pitcher to look forward to. But a ball he hasn't is something to look backward at.

WIN CHICKEN DINNER

Elks' Pioneer Bowlers Get Chicken Dinner Tuesday Night at the Expense of Antlers.

The Antlers bowling team of the Elks' purple league came through with the price of a chicken dinner at the Stephan cafe Tuesday night in the Lotus alley following the supper. The games and the supper were the result of a challenge issued by the pioneers to the Antlers.

With the price of the chicken supper at stake, both teams more than moved down the pins and the contest was the closest and most exciting of any during the year. The Antlers won the initial game but lost the next two. Rolling mediocre scores in the first two games, Amundson proved to be the dark horse among the bowlers and hung up a score of 212 in the third game, giving the Pioneers the victory in the last game. The Antlers challenged the Pioneers to another set for a similar feed next week.

The La Crosse Club 60's won two out of three from the Krouse Clothing company.

ITEMS FROM FIELD OF SPORT

Andy Schamewer knocked out Sergeant Burke of Chicago in the tenth round at Omaha last night.

Soldier Bartfield and Phil Bloom fought a fifteen round draw at New York last night.

Charles Paddock broke the world's record for the 220 yard dash, making it in 21 seconds flat and tied the 100 yard record of 9.3-5 at Stanford university yesterday.

Eleventh, Minn., and Cleveland hockey teams will meet for the American title in four games beginning Friday night.

A new 24-horsepower engine is being designed by Edsel Ford to drive a powerful car. He plans to enter in the sold cup and Harmsworth trophy races at Detroit this summer. The American Powerboat association recently raised the piston displacement from 2150 to 3400 in order that the Ford boat might enter.

Coches Parrell of the University of Michigan track team plans to take fifteen men on the trip to California two weeks hence for the meet with the University of California.

The Cleveland Indians were to play their first exhibition game at San Antonio today with Tazzy in the box.

The greatest field that ever competed in a swimming event at Cleveland is entered in the National Senior A. A. A. one hundred swim for women, tonight.

The entry list includes Charlotte Boye and Helen Wainwright of New York, Margaret Woodbridge of Detroit and Ruth and Eleanor Smith of Columbus.

Bryan Downey of Cleveland and Young Fisher of Syracuse meet at Cleveland tonight in a 12 round bout to a decision.

Pat Moore, Memphis and Tommy Ryan, McKeesport, banlamweizhis, will meet in a ten round bout at the latter town tonight.

The regulars of the Pittsburgh National league baseball club broke camp at Hot Springs today and set sail for Little Rock to play an exhibition game with the Travelers. The second string men will remain in camp at Hot Springs for several weeks.

Mrs. J. V. Judd of Pittsburgh will defend her title today at Piquette, N. C. in the North and South golf championship against Mrs. P. C. Judd, Chicago, western champion.

Johnny Meyers, champion of the middleweight wrestling title and Lou Tabler meet at Chicago tonight in a finish match, two falls out of three.

The wrestling championship between the middle west and the east

MILWAUKEE NORMAL OPENS B. B. SEASON WITH BADGER TEAM

Outdoor Practice Begins this Week; Game With Wisconsin Scheduled for April 29

MILWAUKEE, Wis.—With their opening game only three weeks away the Milwaukee Normal baseball team is digging into practice harder than ever. Coach Anderson, after looking over the field outdoors, decided that it was dry enough for outside practice and the snafellers will work outside from now on.

The work so far has consisted of list throwing and fielding grounders in the normal gymnasium. A backstop is being put up and batting and handling will fill in the training schedule of the Normal boys.

The first game scheduled is with the University of Wisconsin on April 29. Coach Anderson is anxious to arrange a game before that date in order to get a better line on the new material and thus whip a better team into shape for the Madison men.

TEAM COMPETITION IN A. B. C. ENDS IN GAMES WEDNESDAY

BUFFALO, N. Y.—Five man competition of the twenty-first annual championship American Bowling Congress will come to an end tonight with the appearance of fourteen local teams. The same number from Toledo and one each from Youngstown and Angola, N. Y. The tournament will close tomorrow afternoon, there being but three squads of individual and two man event bowlers for the last day.

THOUSANDS GATHER TO WITNESS BOAT RACE ON THAMES

LONDON.—Thousands gathered along the banks of the Thames from Putney to Mortlake, this morning, to gain positions from which they might witness the annual Oxford-Cambridge boat race which will be rowed at five o'clock this afternoon.

Sometimes you not only can't keep a good man down, but you can't even get him down. Zbyszko, for instance.

More rookies seem likely to land this year than ever before. Some will land in the majors and some in the minors—but they'll land.

AN EGYPTIAN BAND

Back in 3500 B. C. the Egyptian head-dress for women was fastened by a band with streamers. The silk band on your hat is the offspring of that old Egyptian band—some band to echo through fifty centuries!

The band on your Gordon, like the rest of the hat, is carefully selected for quality.

There's a quiet harmony in the Gordon color combinations that merits your favor.

Gordon Hats

State Tournament Post-Mortem

Now that the basketball tournament is over, fans in the city will have string football and track to keep them amused but the state tournament at Madison this year was one that has not yet been forgotten.

Experts on judging basketball, and university coaches, as well as most of the audience, believe that either La Crosse, Madison or Superior, when in good fighting trim, could have defeated the Fox river champs for the state title this year.

Appleton won, by a narrow margin, 34-12, over Menomonie, who won their chance at the honoree by defeating the crippled Superior team. At that time badly handicapped by the loss of Hancock, former all-state star of last year, Menomonie here won by luck, leaving dizzy shots from impossible angles. Though this might be called good shooting, it was not consistent with their ability, for they did not even attempt long shots in their opening game, or even in the first half of the final elimination games. They also worked up their passing relay during the Superior game, because of the loss of Hancock who acted as pivot. The head of the Lakes team were weak in their center guarding.

La Crosse, too, was out-lucked in the game with Waushara. They were without the services of either Hargreave or Stokke, the two centers, and were forced to move Carl Zorich from guard to center. Penberg was hunched up with a bad knee, as also was Hancock, but as it was, the locals kept ahead the first half, only to lose in the second when Penberg was taken out.

The record of the team, however, this year has been splendid, having won 15 games, including the district tournament. They placed three men on the all-district team and defeated Blue Island, also district champions. Appleton had another streak of luck when they drew the bye the second day and only needed to play two teams to win the state championship, giving them a rest between games.

Appleton did not play in the interstate tournament this year, the honors of which returned to Cedar Rapids, Iowa, this year.

Many an auto will spend most of the summer just outside the golf course.

A method of stilling waves in front of breakwaters by an infusion of air bubbles has been perfected.

HOCKEY TITLE TO BE DECIDED NEXT FRIDAY IN OHIO

EVELETH, Minn.—The Eveleth hockey team today was on its way to Cleveland, Ohio, where it will meet the team of that city Friday in the first of a four-game series to decide the championship of the United States.

Local citizens gave the men a rousing send-off last night. Disappointment was expressed because ice conditions here will not permit playing of two games in this town.

GOPHER ANGLERS NOT ALLOWED OUT UNTIL MAY 15TH

ST. PAUL, Minn.—Anglers of Minnesota will not be allowed to begin fishing before May 15 under a bill passed by the legislature and signed by Gov. Prosser. The added fifteen days is to permit fish to complete their spawning. The new law applies to pike, pickerel, croppies, sand pike, muskellunge, perch, sunfish and rock bass. The season for black bass will not open until May 30, as usual, however.

A Texas leaguer isn't always a bit. Some of them try to get into the majors and miss connections.

TOMAH RIFLE CLUB ACCEPTS CHALLENGE OF LOCAL SHOOTERS

Indoor Shoot Between Clubs to be Held at Respective Clubs Friday and Saturday

Communication from the officials of the Tomah Rifle club states that the organization will accept the challenge of the local club for an indoor match to be held between the two organizations.

The representative teams are to consist of five men each, with each contestant firing ten shots. Two sighting shots will be allowed each man.

The plan of the club is to hold the contest at both cities, the La Crosse club shooting here on Saturday night and the Tomah club shooting on their indoor range on Friday night. For verification the targets of each will be mailed on Sunday morning.

The men representing the local club in the shoot are as follows: Frank Boudal, William Gilles, J. P. Robinson, W. J. Wittich and W. J. Spafford.

Sharks have the most highly developed reproductive system of all fish.

MI LOLA

NEW BURKE COMEDY

It is as a charming, fun-loving chorus girl who is very real beneath her rouge and powder, that Billie Burke will be seen in her latest Paramount picture, "The Education of Elizabeth," which will be the feature at the Majestic Theater tomorrow. No role Miss Burke has had in recent productions has been better suited to her vivacious and captivating personality than that of Elizabeth Banks of a New York musical revue, in this photoplay.

The heroine meets Thomas Fairfax of an old Colonial family and he wins her consent to their marriage. But first he takes her to the family home to meet his sister Lucy. Lucy decides that Elizabeth's manners need polishing up before she assumes the name of Fairfax, so she and another brother, Harry, begin to educate the girl. This ends most happily.

"PASSION" BIG PRODUCTION
The most recent of super-film plays, "Passion," which opens an engagement at the Rivoli Theater today is said to mark a new epoch in motion pictures. "Passion" is an intimate version of the story of a little French milliner who rose to a position of world-wide fame.

com manding a king and affecting the destinies of a nation. It is presented as an Associated First National attraction and it comes to this city with an actual record for establishing new leads in screen production.

The case in "Passion" is headed by Pola Negri, the famous Continental star, and her portrayal of the leading character is said to set a new high mark in motion picture artistry.

LOUISE GLAUM AT CASINO

It will be good news to movie screen devotees to know that Edwin Stevens, an actor without a peer on the screen, who played the sardonic, crafty Baron Alexis in J. Parker Read, Jr.'s "Sahara," is the villain of the brilliant young producer's second Louise Glaum picture, "The Lone Wolf's Daughter," by Louis Joseph Vance, which will be shown at the Casino today, thrallied by Benton's hair-raising exploits will realize the terrific punch part assigned him in "Sahara," his performance as the leader of a criminal syndicate in London and the diabolical protagonist of the Lone Wolf O'Conner, Robert Walker, Gloria, himself ranking with his stellar stage, hope, Sid Jordan and other well-known players.

ever Molnar's famous drama "The Devil." Other notables who appear in Miss Glaum's splendid support are Thomas Houding, popular leading man, and Bertina Grassby, noted character artist in the role of "The Lone Wolf."

TOM MIX—STRAND

"Prairie Flowers," a most successful novel by James B. Hendryx, has been made into a motion picture by William Fox under the title, "Prairie Trails," and will be presented at the Strand today. Tom Mix, the celebrated cowboy star, plays the principal role.

In every picture Tom Mix makes his introduction some original stunt in riding, roping, or just straight action. "Prairie Trails" is said to be a production by Louis Joseph Vance, which have read the book and have been on will be shown at the Casino today, thrallied by Benton's hair-raising exploits will realize the terrific punch part assigned him in "Sahara," his performance as the leader of a criminal syndicate in London and the diabolical protagonist of the Lone Wolf O'Conner, Robert Walker, Gloria, himself ranking with his stellar stage, hope, Sid Jordan and other well-known players.

EIGHT AMATEUR ACTS

AT RIVIERA TONIGHT
Eight amateur acts are on the program for tonight's amateur show at the Riviera. The headliner will be Anderson's jazz band orchestra. The boys, all well known musicians who have entertained many gatherings of North Side folks, will be Woodruff and Fran Graff are on the card for a boxing exhibition; Ralf McKinzie will challenge the world to wrestle him; Walter Miller has a novelty act in store for the audience that is guaranteed to be a real surprise; Clyde Vanderbilt and Harvey Schroeder have a fifty little act entitled "A Little of This and a Little of That," Chief Sitting Bull, last of the North Side Indians will stage a unique wrestling bout; Don Pedro, who has spent years perfecting a tight rope act is ready to show the world what he can do and Mlle. Dazie will offer her dancing act. Frank Mayo's Goals are immune to tuberculosis.

BERLIN PROTESTS SALE OF GERMAN COAL BY ALLIES

**Declares Belgium is Selling Coal
Delivered on Reparations
Account**

BERLIN.—Protest against the sale by allied governments to neutrals of coal delivered by Germany on the reparations account is made in a note addressed to the reparations commission and the Belgian cabinet by the German government. It is asserted Belgium is disposing of German coal in Holland and that coal aggregating several thousand tons has been offered for sale abroad at prices below those Germany is able to quote. As a result, the note declares, German economic interests are being severely injured.

It is declared that sales are permissible only with the consent of Germany, and that she is entitled to participate in any profits made, inasmuch as the present coal levies, which are assessed monthly by the entente make such heavy demands on her that she is obliged to curtail home consumption. The note states that fifty thousand tons of German reparations coal is now stored at Rotterdam awaiting disposition.

Genius

Genius is supposed to be a power of producing excellencies which are out of reach of the rules of art; a power which no precepts can teach and which no industry can acquire.—Sir Joshua Reynolds.

IN THE MORNING PAPERS A Summary of the News

WASHINGTON.—A conference of southern bankers to discuss handling southern crops was called for April 3. Other sections will be called later.

GENEVA.—The league of nations has received a second protest from Germany against the occupation by allied troops.

WASHINGTON.—No word has been received from the naval airman who left Tuesday morning from the Virgin Islands in two hydroplanes.

VIBORNI, Finland.—Masses of troops are being held by soviet leaders around Petrograd, while the bolshevik administration is making plans for food and fuel to tide over April and May.

OSKISING, N. Y.—One bullet was removed from the brain of a prisoner in Sing Sing, but another was left inside the skull because it was imbedded in tissue.

ALBUQUERQUE, N. M.—Two men were crucified, but taken down before death, as part of the Easter ceremonies of the Brothers of Light, a religious sect of Indians.

COMES HOME TO DIE

NEW YORK.—Noble Taylor, manager of the United Press bureau in Rio de Janeiro, died here Tuesday in a hotel on Washington Square.

Informing by a physician that he had only three weeks to live, Taylor immediately took passage for New York, where he confided to friends he wished to die in the Greenwich Village colony of artists, writers and newspaper folk. He arrived Monday.

The United States annually consumes more than 50,000 barrels of salt.

BAZAAR OF EAGLES READY FOR GRAND OPENING THURSDAY

**Elks Invited First Night; Apron
Booth One of Finest Ever
Shown**

The stage is set for the opening of the biggest bazaar ever given by the Eagles' lodge in La Crosse. The grand opening will take place Thursday and the "show" will be on both afternoon and evening from then until Saturday night.

The opening night, Thursday will be called Elks' night. The Eagles have invited the Elks' members to attend their bazaar and, according to Frank Adams, who is one of the active promoters of the bazaar, many Elks have promised to attend.

Five handsome and worthwhile prizes will be given away each night. Probably the biggest feature of the bazaar is the apron booth. There are aprons of every shade and design. They are there by the hundreds and the prices begin at 35 cents. An elaborate musical program will be given each evening.

SIX KILLED IN CHICAGO EXPLOSION

CHICAGO, Ill.—At least six and perhaps twice that number of persons were killed and scores of others were hurt when an unexplained explosion blew to pieces a warehouse at 701 Harbor street, about two miles southwest of the downtown district Tuesday.

THREE ONE ACT PLAYS IN SHOW AT ST. JOSEPH'S

Do you want to see a play which makes you feel like you were reading a fairy story book—one in which there is a dreadful handsome man with a great big axe who means to behead the queen?

At St. Joseph's hall on Sixth street, Miss Rosalie Lyga and her pupils will present on Thursday night at 8 o'clock three one act plays. The first, to which we have alluded, is "Six Who Pass While the Lentils Boil." You are bound to enjoy Fern Ness who plays the part of a boy, the blindman who sees with his nose and ears and August Grams in his unique suit of red who sings the ballads.

In "Nevertheless" you will be splendidly entertained by Stephen Morris who plays the part of a bad, bad boy. He is being punished by his mother for speaking bad English and he means to run away and stay forever. A burglar, suddenly arriving on the scene materially changes his plan. Do you wonder how he does it?

After this play comes a treat of dramatic dancing by real little artists.

Then Kremberg's "Lima Beans" is played by Miss Lyga, Miss McMunn and Emma Priezer. In this play is mirrored a bit of dramatic tragedy. The dramatic finish of these actors brings this play out as a real treat.

In presenting these plays, Miss Lyga brings to the public three choice modern productions. Her pupils enter into the acting with fine spirit. They hope to entertain and they ask in return only support enough to pay their expenses, the largest part of which consists of the royalties which must be paid for the use of the plays.

LETTER TRAVELS TWELVE MILES IN FOUR YEARS

SHREVEPORT, La.—After a lapse of four years and six months consumed in traveling twelve miles a letter mailed at Blanchard, La., in October, 1916, was delivered to H. S. Weston at the Shreveport postoffice Tuesday. It contained remittance of lodge dues.

BADGER ILLEGALLY IMPRISONED ASKS FOR COMPENSATION

MADISON, Wis.—Compensation for illegal imprisonment was asked of Governor Blaine and the board of control Tuesday afternoon by J. J. Long of Madison. This is the first action brought under the statutes of 1913 which allow compensating not to exceed \$1,500 annually for persons confined to prison without cause. Long was found guilty of murder in the first degree in December 1918 for the killing of Edgar B. Warner, Standard Oil agent at Racine. On appeal to the supreme court in 1920 the case was reversed and he was released in April. Compensation for the twenty-three months which he served in prison is asked by Long.

CHINESE TAKEN IN RAIDS

DENVER, Col.—In a raid here Tuesday night federal officers arrested three Chinese and seized \$4,000 worth of narcotics and several Chinese lottery and gaming outfits.

FOR LUMBAGO

Try Musterole. See How Quickly It Relieves

You just rub Musterole in briskly, and usually the pain is gone—a delicious, soothing comfort comes to take its place. Musterole is a clean, white ointment made with oil of mustard. Use it instead of mustard plaster. Will not blister. Many doctors and nurses use Musterole and recommend it to their patients. They will gladly tell you what relief it gives from sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds of the chest. Always dependable.
